## SCHOOL NEWS

Numbers in the School continue to rise slowly but steadily with the inevitable consequence of re-organised timetables, additional forms and sets, and amendments to the long-established games systems. Not so inevitable but quite invaluable has been the acquisition of additional teaching accommodation. The Chapel is used for the teaching of class music, freeing the Hall for the additional demands made upon it, the former Parish Hall has been converted into a Biology Laboratory and the provision of another classroom has made possible the creation of extra sets and options. Since the increased numbers justified the appointment of an additional member of Staff the Governors appointed Mr. W. Briant Smith to be responsible for the teaching of Biology, and to help with games.

Mr. G. Scalbert retired at the end of the Easter Term and was succeeded as Deputy Headmaster by Mr. F. C. Hopton. To take his place as Head of Modern Languages the Governors appointed Mr. A. J. Simmonds who, in addition to his academic responsibilities, has taken charge of the organisation and coaching of Squash. The school is fortunate in having once again been able to appoint young members of Staff willing to give of their spare time, as existing members of Staff have done and still do so readily, to help its boys. We hope they will be happy with us.

The School was shocked and saddened to hear of the death of Mr. Arthur Moors, Boarding House Chef for over 40 years, only a little more than a year after his retirement. The funeral service was held in the School Chapel and was attended by the Headmaster and Mrs. Crowther, present and former members of the teaching, maintenance and domestic staff, representatives of the Old Boys' Club and the Governing Body, and those boarders who knew him. We send our deep sympathy to his widow and family.

We are fortunate in our friends and are sincerely grateful for their generosity towards us. We wish to thank all those who have presented books to the school, and who have donated prizes. We are especially grateful to the Parents' Association for their continued financial help, manifested this year in their helping to meet Speech Day expenses and by their promise to donate the proceeds of their Barbecue towards the equipping of the new Biology Laboratory.

We offer our congratulations to the following:

M. V. Summers on his appointment as Head of School and C. D. Burge on his appointment as Senior Day Boy Prefect; T. O. Godeseth on being awarded an Open Scholarship in Natural Sciences at St. Edmund Hall, Oxford; G. M. Strawbridge on being awarded an Internal Scholarship in Classics at Trinity College, Oxford; T. C. Imber on being awarded a further Bursary in Mathematics at Balliol College, Oxford; C. D. Burge on being offered a place to read English at Fitzwilliam College, Cambridge; A. E. Whitley on being selected for the British Schools Exploring Society's expedition to Iceland; M. R. Pepper on his cadetship at Britannia Royal Naval College, Dartmouth; A. K. Rodgers on being selected for the third year in succession for Cambridge in the University Rugby Match, for the England Under 25 team against Fiji and for the First Full England Trial; M. K. Drayton on being awarded the Old Shastonian Travel Scholarship; R. A. Palmer on being selected for the Dorset Schools Cricket XI; M. V. Summers on being selected for the Dorset Schools Association Football XI; A. E. Whitley on being selected for the Northumberland Under 19 Rugby XV.

### SPEECH DAY, 1970

Speech Day was held on Wednesday, 13th May, in a marquee on the School Field. Thus, for the first time for many years, all the boys in the school were able to be present. The Chairman of the Governors, Mr. H. F. W. Holmes, T.D., M.A., presided and introduced the Headmaster, who in his introductory remarks described the previous year as one of significant additions to buildings and amenities, excellent academic achievements, a steady growth in numbers and an increase in the teaching staff.

The conversion of the Fives Courts into Squash Courts had proved a great success; boys - and staff - were taking full advantage of the opportunity to play this increasingly popular game. Growing school numbers had caused accommodation problems, but these had been to some extent solved by the County's lending us two temporary classrooms. Additional teaching space would be provided by the acquisition of the former Cann Church Hall.

The decision to accept the Parochial Church Council's offer of this building opened the way to the most significant and far-reaching addition of this year. The lack of a school chapel had long been felt, and the opportunity to utilise the chapel of ease of St. Rumbold, formerly the Parish Church of Cann, for school purposes was gratefully taken by the Governors. The Chapel was being used for school services and for the teaching of music, though some public services would continue to be held.

The Headmaster then went on to speak of the considerable academic successes of the preceding twelve months. Three more boys had obtained Oxford places, and two who had gone up with Commoners' places had been awarded internal Scholarships by their colleges as a result of their work. In October 1969 forty-seven of our boys were at university reading for first Degrees and six more were working towards further qualifications. Equally pleasing were the successes of our Sandhurst cadets and the fact that the school continued to supply Colleges of Education with its quota of intending teachers.

Speaking of other school activities, Mr. Crowther emphasized the great value of the Duke of Edinburgh's Award Scheme, energetically pursued at Shaftesbury. Social responsibility had not been forgotten and under its new title of Community Action the school's social service group did what it could to help existing organisations in the town and to offer assistance on its own account. The established societies had continued - and here the Headmaster made special mention of the School Plays and the summer camp in Spain - and new ones had appeared. Visits, expeditions, lectures and concerts had been as numerous as ever.

Mr. Crowther spoke of his indebtedness to his staff and paid particular tribute to Mr. Scalbert, who had retired after forty-two years at the school. Mr. Hopton had been appointed his successor as Deputy Headmaster. Another member of the staff who had retired during the year had been Mr. Arthur Moors, boarding house chef for over forty years. Mr. Nicolson and Mr. Hancock had left the school, and Mr. Crowther welcomed four new members of staff: Mrs. Strawbridge to teach Chemistry; Mr. Cooper, Music; Mr. Simmonds, French; and Mr. Jones, English subjects.

After expressing the school's gratitude to the Old Shastonian Club for their generous endowment of a travel scholarship to mark the Club's jubilee, and to the Parents' Association for their continued support and generous financial help, the Headmaster concluded his report.

When he had presented the prizes, the chief guest, Dr. T. N. Rudd, Senior Physician in Geriatric Medicine, Southampton General Hospital, talked about the value of medicine to society, the urgent need for more medical staff and the satisfying nature of a career so obviously essential to human happiness and well-being.

After a vote of thanks Governors and Parents were entertained to tea and invited to see the display of the boys' work arranged within the school. An exhibition of physical education was given by the boys of the Third Form and the day closed with organ recitals in the School Chapel.

### THE SCHOOL CHAPEL

Religious Education is a term which refers not only to the study of religion in the classroom, but also to school worship. The recent, and important, Durham Report on Religious Education (sponsored by the Church of England Board of Education and National Society), says: "The existence of school chapels is a significant factor. Pupils can accept responsibilities for duties connected with the school chapel; as servers, offertory bearers, choristers, chapel wardens, sacristans, members of a chapel committee with advisory duties".

The School Chapel is administered by the chapel council, a body representing the Parish of Shaftesbury, the Governors, and staff of the school. The day-to-day running of the chapel is in the hands of the Lay Chaplain and the chapel committee. As we are a Church of England Aided School, the Rector of Shaftesbury (ex-officio Foundation Governor), his Assistant, and the Lay Chaplain (who is also on the Parish staff as a Reader) join together to form a chaplaincy to the school. The Rector trains pupils for confirmation, his Assistant is often the celebrant at the Holy Communion in the chapel, and the Lay Chaplain is responsible for the other services and activities.

**SERVICES.** The pattern of worship is designed to allow a measure of flexibility and choice. A Schools' Service, held jointly with the High School, takes place each month on the second Sunday. Services for the first, third, and fifth Sundays of the month follow a regular pattern: 11 a.m. Morning Prayer, at which boys provide a voluntary choir, read the lessons, and act as sidesmen. The Lay Chaplain is the preacher at this service on the first Sunday in the month. An early

celebration of the Holy Communion at 8.30 a.m. on these Sundays, enables those who are confirmed to make their communion if they wish to do so; having done so, they are under no obligation to attend the later service. On the fourth Sunday in the month pupils attend the 11 a.m. Sung Eucharist at the Parish Church, thus emphasising that, as a Church of England school, we are involved in the life of our Parish Church. At 8 p.m. each Sunday evening the Headmaster conducts a service for the boarding house, and school assembly is held in the chapel at 9 a.m. on Wednesdays and Fridays.

**ACTIVITIES.** The School Chapel has opened up many new possibilities. It has become a "centre" from which aid to charity and help in the form of Social Service has been encouraged. During the winter months (November to March) a "Sunday Session" is held in the vestry from 5 p.m. to 6 p.m. It is open to all boys who care to attend, and tries to thrash out through discussion, some of the problems of faith, and of living in the world. A good number of boys volunteer to do jobs such as servers, and readers, and the chapel is frequently in use after school while these are trained to do their jobs. Throughout the week the chapel is integrated into school life, by its use for the teaching of music, for choir and orchestra rehearsals, and for concerts.

### CHAPEL NOTES

#### *The Chapel Committee:*

Six sacristans were appointed to form a chapel committee, to share the responsibility of caring for the school chapel. The sacristans prepare the chapel for Sunday services, and school assemblies. They take turns to do week-day duties to ensure that the chapel is kept clean and looked after. Every other Tuesday the committee meets to discuss with Mr. Jones plans for services and duties; ideas are put forward. The members of the committee, with their special responsibilities, are: D. Griffiths (sidesmen), G. Apps (readers), R. Hopkins (head server), R. Edgley (chapel secretary), S. Burd (asst. head server), T. Hodge (asst. secretary).

R. EDGLEY.

#### *The Schools' Service Committee:*

A Schools' Service takes place on the second Sunday of the month during term time. The service used to be held in the Parish Church of Holy Trinity, but since March 1970 has been held in the school chapel. It is organised and arranged by the Schools' Service Committee from the Grammar and High Schools. The members of this committee take an active part in the services (as leaders and readers) and meet on a regular basis to plan the services with Mr. Jones.

The first three months of 1970 saw themes which directly involved members of the congregation. In January, "Our Approach to God" was dealt with by Brother Peter Cuthbert of the Society of St. Francis, and in February, "Our Approach to Science" was the subject of Mr. Bernard Chapman of the United Kingdom Atomic Energy Research Authority. The last of this series was in March when Miss Joyce McQueeney, the Area Secretary of Christian Aid in the South West, spoke on "Our Approach to World Need". This was the first Schools' Service held in the Chapel, and Christian Aid received the proceeds of the combined schools' Lenten effort.

In May, the Revd. Canon John Warne, then Director of Religious Education for the diocese of Salisbury, spoke on "The Ascension", and in the following month the topic was, "Living in a Multi-Religious Society", by the Rt. Revd. Campbell McInnes, Assistant Bishop of Salisbury, and formerly Archbishop in Jerusalem.

The new school year began in September with the Beginning of Term Eucharist, celebrated by the Rector of Shaftesbury, the Revd. G. K. Horlock Jones, who also preached at the service. In October the Rt. Revd. Victor Pike, Bishop of Sherborne, took as his theme "What Manner of Man is this?" The theme for the last service of 1970 was fittingly "The End . . ." and was dealt with by the Rural Dean of Shaftesbury, the Revd. R. G. Chaffey Moore.

1971 opened with the theme "The Church is Caring" and Miss Rosamund Essex, staff member of Christian Aid, and the first woman Reader in the church, was the guest preacher. The service in March was "The Church is Healing" and Lady Beresford Peirse of the Divine Healing Mission, was the preacher. Services planned for the summer term will include two preachers on the theme "Job, Service or Vocation?", and the Revd. J. Collins of the Sarum Ordination Candidates' Council, and the Revd. Mother Superior of the Community of St. John Baptist, Clewer, will be the guests.

The Schools' Service has allowed pupils to take part, and to have a say, in the way they worship.

#### *The National Society Service. Saturday, 24th October, 1970:*

[The National Society for Promoting Religious Education according to the principles of the Church of England, known as the National Society, was founded in 1811. It played its part in the 1870 Education Act introduced by Foster, and has made contributions to subsequent acts, including 1944. As 1970 was the anniversary of a century of state education, the National Society, in its contribution to the activities of that year, held a thanksgiving service in St. Paul's Cathedral. The Archbishop of Canterbury, the Bishop of London (as chairman of the Church of England Board of Education) and the Bishop of Whitby (as Chairman of the National

Society) together with the Secretary of State for Education, and other dignitaries, were present. Many schools were represented, and two boys, with Mr. Jones, represented this school.]

It was a sunny but windy October morning when we left school, after an exhilarating P.E. lesson. We set off down the Salisbury road, turning off along a quicker but more rugged route, with Mr. Jones as driver. We stopped at Hartley Wintney and ate our prepacked lunches, and then on to Hounslow, where the car was left in a back-street car park. After some difficulty in finding the way, we made straight for the underground station, where we each handed over eight shillings at the ticket office and trooped on to the platform. We caught the train to Holborn, and then on to St. Paul's.

We made our way straight to the Cathedral, and spent a few minutes searching for the right entrance. When we eventually found it we were greeted with a kind "sorry, but we're just closing!" to which we wielded our tickets and passed on without a word. We had arrived early and sat patiently while the nave and transepts filled, slowly, with a throng of buzzing humanity; the interior of the Cathedral kept us subdued during the time we were in there. The service was the office of Evensong sung by the Cathedral choir at 4 p.m. We had an extremely interesting sermon given by Mr. G. Roberts, Headmaster of The Bishop Stopford School, Enfield, whose humorous and powerful delivery kept the masses of children silent.

As we were leaving the cathedral we asked to go into the famous Whispering Gallery, and our plea was granted. But, as ever, a notice was prominently displayed: "Whispering Gallery - Closed"! So we left.

We strolled down Fleet Street, ploughing our way through, round, and over mountainous piles of garbage left untouched by striking dustmen. At about 6.30 p.m. Mr. Jones treated us to a very palatable meal in a restaurant. The rest of the evening was spent looking around the world-famous capital. At 8.30 p.m. we caught the tube back to Hounslow, where, after some difficulty, we found the car park. We arrived in Salisbury just after 11 p.m. and stopped for coffee; soon afterwards we were back at school, having had a very enjoyable day.

### "COMMUNITY ACTION"

This year saw the merger of "Community Action" and the Charities Committee, which formed a large group of volunteers for social work. "Community Action" is primarily involved with visiting and helping people in the town, and the Charities Committee is concerned with raising money for charity. Now that the two are combined, more

people and funds should be available to do the joint work. Plans have been made for the entertainment of old people in their homes by small groups of boys. This will open a new aspect of the work.

#### VISITS

For the past two years senior members of the school have been visiting old people in Shaftesbury, in order to do odd jobs, shopping, and generally helping in any way possible. The visits have been very well received, and it is hoped that even more people will be visited in the future.

#### BYSTOCK COURT, EXMOUTH (*Half-term, February, 1970*).

A tentative suggestion, a fairly enthusiastic response, and we were committed. Three students and a master planned to go to Bystock Court, a large house used for rehabilitation and temporary living for those who are socially and economically inadequate. Mr. T. P. Jones, M. V. Summers, R. J. Hall and A. Whitley arrived late one night by what appeared to be an obscure and devious system of roads. We were greeted with a cup of coffee from the Warden and then shown to a large room converted to a dormitory where we three were to sleep. No roughing it for some - Mr. Jones had a furnished room to himself!

The morning revealed from our window a large, beautiful, but overgrown garden which showed signs of its past glory. The house appeared to be all "wings" concealing large sitting rooms, servants' quarters and an enormous ballroom. Confident in our own ability, we asked for work - and we got it. The walls of the cellar seeped water and a drainage channel was needed in the concrete floor! The channel had to be a foot wide and about seventeen feet long. We took it in turns; two working, two resting. The concrete was extremely hard and took a good deal of pounding with a sledge hammer just to chip it.

In the four days we were there we slaved away at nine or ten feet of the channel, broke a pick-axe, and a sledge hammer, helped manoeuvre a deep-freeze into the cellar, moved furniture, saw three films and played some football and table tennis. At no time were we compelled to work and that tended to make it more satisfying.

#### DUKE OF EDINBURGH'S AWARD: SERVICE TO THE COMMUNITY

There are four boys undertaking community service: P. Cole, T. Hodge, and G. Jarvis at Bronze level, and K. Edwards at Silver level.

The work so far has been of a practical nature (painting and weeding), helping to convert the ex-Holy Trinity Church School into the Parish Centre. The work was very successful considering the run of bad weather we had just before the end of the autumn term.

In October, Miss Valerie Gould, a County Welfare Officer, gave a series of talks and led discussions on the organisation of the social services.

#### THE CHARITIES COMMITTEE

The Charities Committee has proved a great success in the short time it has been in existence. A cheque for £10/11/0 was given to Shelter after a Schools' Service in Term III, 1969, and the Lent Project during Term I, 1970 (which included a charity dance, a concert, form and chapel collections) raised £25 for Christian Aid. Stamp collections were continued throughout Terms II and III, and shortly before Christmas, 1970, a considerable number of stamps was sent to the National Fund for Research into Crippling Diseases. Still in Term III, a mixed hockey match amongst the High and Grammar school 6th forms raised some money for the East Pakistan Disaster Fund; and the final activity of the year, the annual High and Grammar Schools' carol singing raised £6/10/0 for the National Society for Mentally Handicapped Children.

S. MAWDSLEY.

#### PARENTS' ASSOCIATION

The year's activities commenced with a talk given by Dr. Tapper, on the lines of the sex instruction he gives to the boys. This was well attended and was followed by a very convivial cheese and wine party.

In the spring, a visit was arranged to the Salisbury and South Wilts. College of Further Education and those who were able to attend found it of great interest. A lively Debate on the motion "This House is of the opinion that a permissive society cannot be a civilised society" took place between two parents and two senior boys. This was defeated, when put to the vote, which shows that parents are probably more broad-minded than was thought.

A Jumble Sale on the 10th June was well patronised and made a profit of £42. The Barbecue was, as usual, held after Sports Day. It was a lovely evening and the free-fall parachute jump was an added attraction.

The Parents' Association contributed £25 towards the provision of the marquee for Speech Day and it was agreed that a contribution should be made towards equipment for the Biology Laboratory.

Members of the Parents' Association Committee were present at the coffee morning to welcome new boys and their parents to the school.

MRS. J. WILLIAMSON.

### MUSIC NOTES

Although the fates conspired against us most of the time, it might seem we did a few things during the year, quantity and experience being the watchword. At the end of the Spring Term the School Service Choir, augmented by odd bods gave a suitably esoteric Lenten concert in the new Chapel, an ideal concert hall. The choir sang a motet by Schutz, a Mag. and Nunc. by Moeron, and, hating every minute of it, the Stravinsky "Ave Maria". Mini-items were presented by the resident school virtuosos - Messrs. Russill, Hopkins, Bye, Cox and Sharratt, nobly augmented by Miss D. Sutton of High School fame, together playing works ranging from J. S. Bach to Hindemith and de Falla.

Seeking to outdo anything the school service choir could possibly do, the school choir in the summer concert sang four items: the "Gloria" from the Mozart "Twelfth Mass", ruined by the clumsy accompanist who forgot to check that he had the right number of pages in front of him when he began; "This Little Babe" by Ben. Britt., which was sung so well, the rhythm being so electric, that at the end of it the accompanist didn't know what time of day it was, let alone what the next item was; "And this have I done for my true love" by Holst; and a movement from the Brahms' Requiem, both with exquisitely artistic top parts, particularly from Messrs. Bungay, McKie and Heckford. Messrs. Bye and Sharratt attempted to give everyone a nervous breakdown with more Stravinsky, suitably pompously interpreted; and, gaining a little more self respect, they played the Tchaikovsky "Humoresque" arranged especially for two trumpets. Graham Wenham gave a good account of two pieces, an example of the extremely high standard of guitar playing in the school at the time (all potential plectrum players please note). Russill bached appropriately and the junior choir sang more Ben. Britt., admittedly missing one entrance, but making up for it with a more than competent performance of "The Jazz Man". The Madrigal Choir wailed painfully and sadly three madrigals, (incidentally it's as well no-one listens to the words of these things) and more painfully in the "Credo" from the Stravinsky "Mass". Four senior boys, ably misdirected, gave a

gloriously funny yet quite inaccurate performance of Toch's "Geographical Fugue". I defy anyone to say that he noticed, including Mr. Toch. The last straw came with a "Suite on a Tone Row", by Lencberg Debhinsky, played by the newly founded, and later to be disbanded, school orchestra (that's a joke, c.f. last paragraph), giving perhaps the first and certainly last performance of the work in the vicinity. I'm sure poor St. Rumbold has never heard such a cacophony before. It was amusing to see the front row of Sops. bracing themselves for a further increase of decibels owing to the presence of P. Franklyn, trombone. Their terror was well founded. I hope Mr. Debhinsky will not look on us too harshly if we ever meet him.

Next the Carol Service. The most notable absence was the Patron Saint of Electricity, which lowered the quality of enjoyment and performance, but congratulations to the choirs, the bass line capably augmented by some new members, Messrs. Waddell, Dean, Johnstone, Holder, Lavers, Fletcher and Brough, and the sop. line by an exceptionally good first year, and to the schools, for making as much of it as they did. Two notable inclusions in the service were P. Russill's Canon, "Puer natus", and J. Cox's carol, "Deo Gratias", the latter being a work of exceptional imagination and promise.

To counteract the tragedy of the Carol Service, there was a wonderful concert the following week in conjunction with some members of the High School and other schools in the area, with the co-operation of Mr. P. Purcell a valuable asset. Seventeenth century madrigalian "wailing" and "chaunting" mixed with eighteenth century concertos were all executed to a phenomenally high standard, an event enjoyed not only by the participants, but by an enthusiastic audience, raising £17 for the "Save the Children" fund.

As to the future, someone has said something about Verdi and brass bands, so prepare for the worst. The walls of the school chapel might yet reverberate to the sound of the "Grand March" from "Aida".

## STEPS FORWARD IN BIOLOGY

With the acquisition of the Cann Church Hall a new era of science teaching has started at the school. As has been the case in the world at large, improved facilities for the ugly sisters, Physics and Chemistry, have been followed by provision for the Cinderella, Biology, to grace the scene. The "Bio. lab." is still in its infancy, but it already has a character all its own and it has vast scope for maturation.

The process of building up a new science department is almost invariably one of gradual expansion owing to the heavy demands upon expensive equipment. However, the generosity of the Governors, the Headmaster, Dr. and Mrs. Strawbridge, the Parents' Association, and the County Authority has ensured that the Biology Department will be fully operational before the end of this school year, with scope to provide a wide range of experience in the world of living matter.

The inevitable influx of living specimens which must accompany preserved material in the laboratory can be used as the basis for several after-school activities. It is hoped that a Biology Club will develop to look after and study many different types of animals, and also to provide the facilities for experimentation. There is always scope for the dedicated young observer to make an original contribution to biological knowledge, especially in the field of animal behaviour. Enthusiasm, patience and careful study can be far more valuable than a vast quantity of expensive apparatus.

As Biology is a relatively new subject at the school it may be pertinent to try to analyse its place in our lives. As was intimated earlier the great physical and chemical revolutions have declined and in their wake, and still gaining momentum, is the biological revolution. Most of the basic issues that affect life on this planet, e.g. pollution and malnutrition, have a biological foundation, although the fickleness of politics and the pressures of economics often cloud our vision and distort our ideals. As time passes, it will become more and more important that the public in general, and particularly the men who determine policies, can foresee some of the consequences of their actions. This can only be achieved if they understand the complex of biological principles involved.

It is hoped that present and future pupils of the school will obtain this basic knowledge of living matter even though they may have no specialised use for it in their future careers. Biology is already too important a subject to be left entirely to the mercies of "nice young ladies". The human being is a biological machine and ultimately relies upon the balance of biological phenomena. This undeniable fact should not be lost sight of in this age of technology and materialism.

## INNOCENTS IN IRELAND

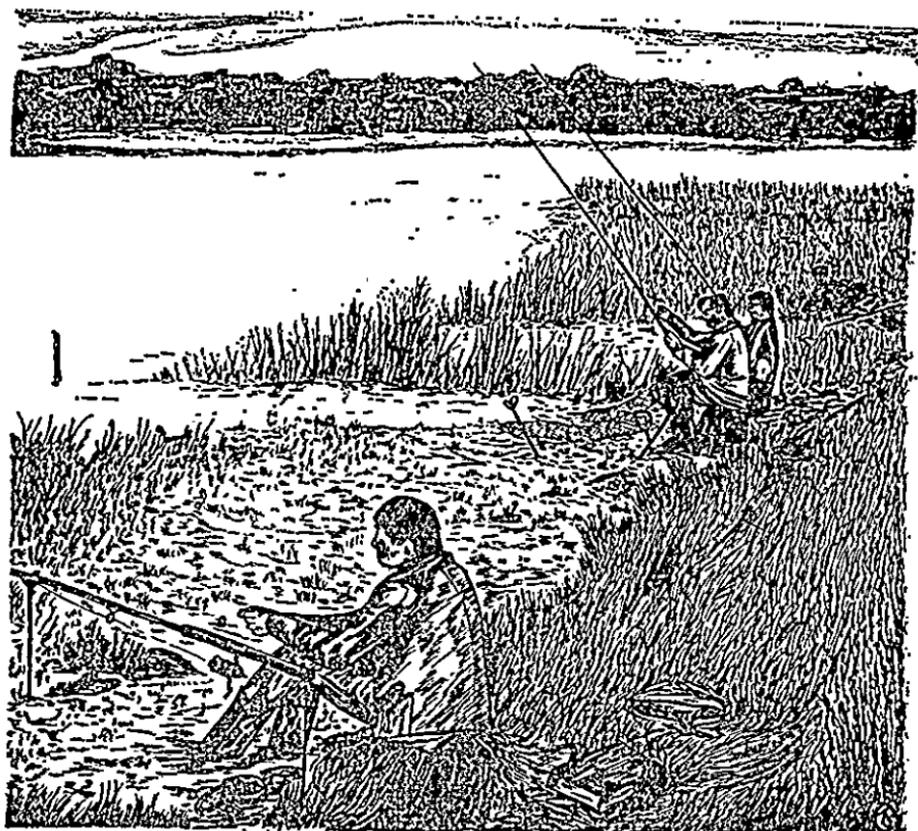

*On the 22nd May, nine members of the Shaftesbury Grammar School Angling Club, one guest from Christy's School and two adults left England to fish the biggest river in the British Isles, the Shannon. Their destination was a small town called Banagher, Co. Offaly, geographically almost the centre of Ireland. Williams, Trevis and Thew take up the story . . . .*

"We set off from Shaftesbury at 6 a.m. on Friday, 22nd of May. There were twelve of us in all: Mr. Rolfe, Mr. Alderwick, 'Lofty' Readman, Neil Kerley, Andrew Watson, Stevan Lawrence, Simon Thew, Anthony Trevis, John Hartshorne, David Sandall, Stephen Davies and myself, by the way of Westbury, Bristol, Cardiff, Rosslare and Banagher, we reached the Shannon sixteen hours later.

"Our temporary home was the 'Brosna Lodge' owned by Mr. and Mrs. Campion; the beds were comfortable and the food was good. On the next day (Saturday), Mr. Rolfe's party, including me, went to look at the Shannon for the first time. It was late in the morning and the first thing that I noticed was the width of this mighty river, around two hundred yards. To the right of us were the Mill and Banagher Bridge with its 'temporary repair' (which has been there since 1933). That morning, I caught nothing, but in the afternoon, we went to the Backwater in the taxi. Here there was no current but there were lots of small waves (the wind was high), and I caught two perch. Using one perch as a dead-bait, I caught a pike of one-and-a-half pounds.

"That night, everybody was talking about the 'ponds'. Tony and his party had caught big bags of bream there, so on Monday, the 25th May, Tony took another party, including me, to the ponds . . . . " . . . . That day I shall always remember, I could hear a great splashing; it was a shoal of bream rolling and idling along the surface. Suddenly it would be quiet as they dived to the bottom. I started float fishing but was hampered by a cross wind. Eventually I managed to cast what I felt was a satisfactory distance. The home-made float cocked well and as I had intended, lay low in the water. I had thrown balls of ground bait out beforehand and I had selected a bunch of brandlings as bait. Black mud oozed and squelched loudly under my boot and to remain stable I had to stand on sparse clumps of dried reed. The pond remained still, save for the occasional ripple caused by a rolling bream; to me the scene of those creatures breaking surface seemed unbelievable and still remains a picture in my mind now.

"Glancing back to my float I searched for its familiar pointed shape silhouetted against the water. Seconds later it hit me that the float

"THE PONDS" - BANAGHER, EIRE.

A. J. TREVIS

had been dragged down by a fish; realising this I quickly acted, reeling the slack in and then striking sufficiently hard to hook the beast. The pressure gradually built up. 'I had hooked my first fish. Five yards from the bank it came to surface, a fighting bream, thrashing and darting in all directions in desperation to free itself from the line, but it was soon guided over the landing net and safely on the shelf of mud. This was my first bream and the first one to be caught on the trip. To me it seemed huge and beautiful at the same time. It was a colourful array of bronze and silver and covered with a thick slime. Bream are fairly big fish; they are very flat and broad and nicknamed 'dustbin lids'. Mine fitted all those descriptions.

Handling my bream carefully, I removed the hook from its thick lip and slid it into my keep-net, which in turn was lowered into the shallows of the pond . . . .”

“ . . . . Tuesday was a very exciting day. After a rather uneventful early afternoon, at Grant’s Island, a messenger was sent to Stevan and me, saying that Mr. Rolfe had a good bream swim, and would we like to join him. So we assembled our tackle, and wandered over to see this swim. When we got there, we were shouted at: ‘Keep quiet! Mr. Rolfe is just about to land a monster pike’. In fact, this fight went on for another half-hour.

“Mr. Rolfe had hooked a pike of about 15 pounds, whilst reeling in his worm, on 3½lbs. breaking strain line. Neil was slowly sinking in the mud, landing net in hand; the pike finally dived under the net and smashed the line after a fight lasting fifty minutes.

“On Wednesday, I went to my favourite place, the Brosna, using, once again, my favourite two swan-shot legered worm tackle. The bream were on the feed and biting strongly. I managed to land thirteen of these. They were silvery in colour, and were marked with pink patches; and fought rather well for bream. Four perch came to the net, and my best pike, all of two-and-a-half pounds of it! I also caught the only trout of the holiday; it weighed about half-a-pound, and took a worm that was being reeled in . . . .”

“ . . . . On the last day we went to a canal off the main Shannon. We decided to go tiddler snatching, swinging our legs over the stone wall of the lock-gate, watching the tiny rudd nip here and there. In the evening we settled down to more serious fishing and two nice bream and a rudd were heaved in over the reeds. For most of us that was the end of the fishing holiday, but Mr. Rolfe and Mr. Alderwick decided to go fishing the following morning, and I mean ‘morning’. At four o’clock they were out catching a good bag of bream from the Shannon, while the rest of us were dreaming of whoppers. The last morning was a sad one, and after the presentation of a small gift to Mr. and Mrs. Champion and the waitress, May, we clambered in our mini-bus and were away, back to Rosslare, over the calm Irish Sea and so to Shaftesbury.

## ASSOCIATION FOOTBALL, 1970

### FIRST XI

This was to be the year. The best Under 14 XI (1967) Shaftesbury had had for years was about to graduate to 1st XI football. But it didn't. Edwards, Hansford, Hillier, Wilson, Grugeon all left school, and Robson had not sufficiently recovered from a broken leg. Wolsey, last year's captain and a County player, also departed prematurely. A small school can ill afford such losses, and we struggled.

Any success the 1st XI was to have was dependent on hard work and attention to doing the basic things properly. It was most encouraging to find that this determination was there and to see the XI and its individuals improving in the practices and early matches.

The opening match with Gillingham was won 3—2 and gave us confidence, but the neat, thrustful interpassing movements by Johnstone, Russill and Goodchild that brought us three goals were not to be seen again. We coped with Bournemouth at home, but then failed to hold a lively Sexey's side and were soundly beaten. A win against Foster's and a narrow defeat by a strong Old Boys' XI restored morale, only for us to lose all composure at Blandford where we did almost everything wrong and paid the penalty. Weymouth were held to 2—1 before a final onslaught towards the close of the game distorted the scoreline.

Many defensive problems were of our own making, particularly in the second half of the season: negligent marking, lack of urgency in and around the penalty area, and some quite reprehensible back-passes. Foster's were allowed to get 5—0 up and Gillingham 7—1 up, but at least the side had the character to fight back.

Success was in the maturing of the players. Who could have forecast that Wenham would play with such determination and sense, or that Searle would develop so well as a defender of real promise. Laycock led the side with characteristic energy and drive. Goodchild came more and more to dominate play in the final matches. Summers had much to do in goal and did it well, and was awarded his colours.

It is some eight or so years since the Old Boys last triumphed over the School and it will be of interest to record the names of those who achieved victory: E. McKenzie, the Harris twins, J. A. and D. S., B. Hansford, M. Barnett, N. Heasman, W. Moody, R. Head, R. Clements, M. Wolsey (Captain) and R. T. Welsford. Clements and Wolsey scored the vital goals.

Team: M. V. Summers, P. A. Nation, C. Burge, G. P. Wenham, M. R. Goodchild, T. A. Laycock (Captain), A. E. Whitley, R. M. Smart, P. J. Russill, I. T. Johnstone, A. C. Walworth (Vice-captain), M. R. Searle.

F. E. Holder, G. M. Robson, M. J. Lucas, L. N. Summerson and J. P. Hunt also played.

Colours were awarded to Summers.

## RESULTS

v. Gillingham School	Home	Won	3-2
v. Bournemouth School	Home	Lost	0-3
v. Sexey's School, Bruton	Away	Lost	1-6
v. Foster's School	Home	Won	3-2
v. Old Boys	Home	Lost	1-2
v. Blandford School	Away	Lost	1-6
v. Foster's School	Away	Lost	3-5
v. Bournemouth School	Away	Lost	0-9
v. Wimborne G.S.	Home	Lost	0-3
v. Gillingham School	Away	Lost	3-7
v. Weymouth G.S.	Home	Lost	1-4
v. Poole G.S.	Home	Lost	2-6

## Second XI

The 2nd XI lacked finishing power in all its three matches. It was lively in approach work and competent in defence, and Dalzell, Summerson, Walworth and Robson all played well. The side drew 1-1 and lost 0-2 with Foster's and drew an entertaining match with the Old Boys 3-3, for whom C. Coats, J. Shove, J. Mumford, J. Letts, T. Hudson, S. T. Dobbs, R. Weldon, T. Nuttall, C. Byford, I. Fenton and P. G. Fry turned out.

Boys who played for the 2nd XI were: T. Howson (Vice-captain), M. Searle, M. Pepper, L. Summerson, B. Smith, P. J. Dalzell (Captain), M. Lucas, J. Hunt, T. Watkins, S. Walworth, M. Thorne, F. E. Holder, R. Sanger, G. Robson.

## Under 15 XI

The Under 15 XI played four enjoyable games but had only mixed success, mainly through a lack of real "bite" in their play. Signournay played consistently with vigour and skill and it is a pity that he has since left S.G.S. Trevis came on well during the term and there were spirited performances from G. Wilkinson and N. Fletcher on occasions.

## Under 14 XI

With six boys remaining from the previous year's team we had every hope of a successful season. In fact most of them showed no improvement and indeed a couple failed to justify a regular place in the 1969 XI and were dropped. Only Armitage, and occasionally Talbot and Russell, showed any of their former promise.

Of the "newcomers", Goodchild proved tremendously strong in the tackle and with his good distribution he has the makings of a wing-half of some value; Edgley emerged as a competent centre-defender but must aim to really dominate the back line if he is to make the most of his ability; and Johnstone proved a surprising goal-poacher in the later matches.

Armitage was the outstanding player, but even he was unable to lift the side sufficiently to fight off sustained attacks and it was significant that once the opposition got the upper hand we never regained the initiative and were likely to concede a flood of goals. Nowhere was this more noticeable than against Weymouth G.S. After we had held out for most of the game four goals in six minutes put the result beyond all doubt and the game was eventually lost by 9-2. Equally, we too could play attractive football when not subjected to great pressure; Bournemouth were soundly beaten.

Armitage and Edgley played for the North Dorset Schools' XI.

Team: P. Talbot, J. Alford, P. Russell (Vice-captain), C. Edgley, C. Goodchild, C. Wilkinson, M. Armitage (Captain), N. Pike, A. J. Williams, J. Dobbs, M. Johnstone.

Other boys who played were N. Greenwood, P. Sanger, T. Toogood and R. Gray.

v. Weymouth G.S.	Home	Lost	2-9
v. Poole G.S.	Home	Lost	1-8

An Under 16 XI played an excellent match with Christy's School, drawn 1-1. Form 1 played their usual three matches, winning twice versus Christy's School by 6-1 and 7-0 but meeting their match in Weymouth G.S., whose talented XI beat them by 4-1.

#### Inter-House Competition

Two major upsets in the senior section gave Trojans their third successive championship. Spartans scored all five goals in their match with Trojans but lost 3-2, and Corinthians quite unaccountably lost 2-1 to Romans. But for this, Trojans would have occupied third place.

## SQUASH, 1970

1970 was the first full year of Squash at Shaftesbury Grammar School and started with the House Squash Competition, played off in the first two weeks of the Spring Term. Each house was represented by two players. The result was as follows:

- 1st Spartans
- 2nd Trojans
- 3rd Corinthians
- 4th Romans

A Squash League was also held and in the final round, Nation defeated Lucas 9-1, 7-9, 9-3, 9-2.

In the summer term a Squash Ladder was started with divisions into three age-groups. This stimulated some interest among boys who had played little and particularly among the juniors, but it was generally agreed that there was not enough momentum to keep the ladders changing.

At the beginning of the autumn term it was decided to appoint a Squash Captain and Vice-captain. Those appointed were M. Goodchild and M. Searle respectively. They organised a Junior and Senior Squash League. The Junior League was open to 1st-3rd Forms and the rest could enter the Senior Tournament. This went on throughout the term and led to two most exciting finals. The results were as follows:

*Seniors:* Lucas v. Goodchild 10-8, 8-10, 9-7, 10-8.  
Lucas won 3 games to 1.

*Juniors:* P. Craig-McFeely v. Gray 9-1, 8-10, 9-6.  
Craig-McFeely won 2 games to 1.

The winner of the Senior Competition will receive the Spry Cup and the Scalbert Squash Cup goes to the winner of the Junior Competition.

Two fixtures were held, both versus Clayesmore School. In the away fixture Goodchild, Searle and Whitley represented the School and won after an exciting evening's squash, 2 sets to 1. In the return match Lucas and Summers also played and Shaftesbury won much more comfortably—on home ground—4 sets to 1.

Mr. Ross of the Old Boys' Association came over a couple of times and gave coaching to groups of boys and we are most grateful to him for giving up his precious time.

The Staff have played on Thursdays after school and when their numbers are depleted by various ailments or overwork, senior boys have joined them to make up a foursome.

The House Squash Competition follows in January and then we hope to arrange more fixtures during the term. Our main problem as far as outside fixtures is concerned is the lack of spectator facilities. One day we hope to have a catwalk along the back of the court. This would not only enable spectators to see some very exciting play but would enable such activities as scoring, umpiring and coaching to take place.

In the meantime it is encouraging to see an increasing number of boys developing an enthusiasm for this game, a form of recreation which is becoming ever more popular and can often be continued by pupils once they have left school.

## CRICKET, 1970

### FIRST XI

RESULTS: Won 3, Drawn 1, Lost 7.

Palmer, assisted by Summerson, led a rather inexperienced side through an enjoyable spell of fine weather. The side they produced enjoyed their games and practised hard to improve. The new permanent net wicket was very useful as an aid to coaching.

The batting, however, proved inconsistent. No one could be relied on to build a large score, although Summerson and Palmer both showed style and application. Holder and Nation produced useful scores with less refined methods.

It was expected that the attack would be more penetrative than it was. Walworth, the most experienced member of the side, failed to produce any form, mainly owing to lack of effort and enthusiasm. Summerson, Johnstone and Palmer shared the bulk of the bowling. Summerson bowled well at all times with fine spells against Blandford and Bishop Wordsworth's School. Johnstone improved throughout the season, learning to control his natural swing, gaining good length and direction and producing particularly good figures against Canford. Palmer bowled his off cutters with some success but has to learn to control the ball so that he can drop it on the spot.

There were no naturally brilliant fielders in the side, but following some hard practice sessions the ground fielding improved and the catching became good. Summers did well behind the stumps, taking some excellent catches.

The following played for the 1st XI:

R. A. Palmer\* (Captain), L. N. Summerson\* (Vice-captain), C. D. Burge, M. R. Goodchild, F. E. Holder, I. T. Johnstone\*, M. Lucas, P. A. Nation\*, P. D. Nightingale, I. A. Savage, M. R. Searle, B. M. Smith, M. V. Summers\*, A. C. Walworth†, A. E. Whitley.

\* awarded 1st XI Cap 1970.

## Under 15 XI

The captain of the side was Fawkner-Corbett, who received excellent support from Hunt as vice-captain. Only one of five school matches was won and much of the match cricket can be described only as "dogged" and even "dull". The early batsmen often showed promise but inevitably came a long tail which rarely made any spirited attempt to wag.

Armitage started with an excellent 9 wickets for 12 runs against Blandford but he never showed his true form in later games and Hunt with a brilliant 65 not out, chose the wrong time (the second innings against Milton Abbey) to show how well he can hit the ball.

Finding bowled consistently, and generally the fielding was good. The really important thing is that the weather was kind and that at club level at least, there was plenty of enjoyable, if not skilful, cricket played.

## Under 14 XI

With the talented batting of Talbot (Captain) and Finding, this side should have been rather more successful than it was. Unfortunately, apart from one robust innings from McKie against Foster's, these two had little real support. Of the bowlers, Armitage was by far the most penetrative, but also one of the most erratic. When he gains rhythm and can control his swing he will be very effective. Finding, Toogood and Talbot bowled with some success.

## RESULTS

### ATHLETICS, 1970

Both days for the Athletic Sports were fine and one school record, the Senior High Jump, was broken. M. V. Summers high-jumped 1.66 m., breaking the previous record of 5 ft. 5 ins.

For the athletics this year, the school changed to the metric system; as a consequence, previous track records became obsolete, but field event records were converted and remain. Two new events were introduced this year; they were a 5,000 m. Walk for Seniors and a 3,000 m. Walk for Intermediates.

## RUGBY FOOTBALL, 1970

Whitley as captain for a second year can justifiably look back on this season with satisfaction and he will be the first to pay tribute to the excellent work as player and vice-captain of Summers, who missed through injury so many games in 1969. Whitley himself, the only old colour remaining, played splendidly throughout, showing great dash and zest for the game and a selfless courage at all times. Summers, with his powerful running and tackling, brought out all that was best in the youthful Hunt and Goodchild, of whom we can expect so much in the seasons to come. I. Johnstone must also be congratulated on accepting, in spite of his preference for an attacking position, the unenviable task of a full back. In this he served the School with distinction. Summers was awarded his colours after the first match—a rare honour—and Johnstone, Hunt and Goodchild received theirs in due course.

The re-organisation of the time-table by which the VIth, Vth and 1st forms play on Wednesday afternoons and the IVth, IIIrd and IInd forms play on Tuesday afternoons may have some advantages but it has some snags too. Noble, for example, who, in spite of what the critics say, has served the side well as hooker, sits in the classroom while his 1st XV colleagues are on the field moulding themselves into a team. The XV suffered in other ways also for Foot fell off his cycle and broke a collarbone and P. Russell, the 1st XV scrum half of 1969, retired from the game to give himself more time for his musical studies and to avoid injury. The loss of these two outstanding boys for a whole season was a severe blow. Furthermore Summerson, who showed great promise, broke his wrist in the first week of October and did not play again, and at least three other boys of Form V or Lower VI who had been in the 1969 XV decided not to return to school.

It is a very creditable performance therefore to have won five and drawn one of the twelve games played. In the drawn game with Milton Abbey our opponents scored to equalise in the last few seconds. In the Clayesmore game all luck was against us, and the Yeovil and Bournemouth games can be reckoned as "surprise defeats". In the Bishop Wordsworth's, Sherborne

and Old Boys games the side was up against some powerful opposition and could not reasonably be expected to do anything but play their best. This they certainly did, especially in the match against the Old Boys, for whom L. Aviss, A. C. Middlemas and Corp stood out as "giants among men".

The following played for the 1st XV: A. Whitley (Captain), M. Summers (Vice-captain), I. Johnstone, M. Goodchild, J. Hunt, N. Dean, M. Pepper, S. Mawdsley, S. Walworth, F. Holder, G. Bateman, M. Searle, A. Drake, G. Apps, G. Glaze, M. Noble, M. Glaze, L. Summerson, R. Sanger, I. Bent, R. Edgley.

It will be of interest to record the names of Old Boys who represented their club: W. Walworth, R. Barnes, C. S. Byford, R. T. Welsford, D. R. Stephenson, A. C. Middlemas, J. Corp, L. Aviss, C. N. Brickell, T. Howson, J. Magnay, T. B. Noyes, N. R. Heasman, P. Nation, J. Aviss.

The Dorset and Wilts. Society continued their successful policy of providing referees for home 1st XV matches and we are most grateful for their assistance.

We sent in no names for Dorset and Wilts. Under 19 County Trials, for Summers (on holiday in Surrey) and Johnstone I. (in Singapore) were not available and other candidates were considered not yet sufficiently mature. Whitley, however, distinguished himself by his appointment as captain of the Percy Park R.F.C. Under 19 XV and by his play for Northumberland Under 19 County XV against Cumberland and Westmorland. He is likely to be selected for Northumberland in further matches at Easter against Durham County, South Scotland and the Midlands of Scotland.

Mr. Bates, Mr. Hopton, Mr. Hough and Mr. Smith took a party of 94 boys to see the Oxford and Cambridge Universities match at Twickenham. In this match A. K. Rodgers, who captained the School XV in 1964 and 1965, played for Cambridge for the third year in succession against Oxford. Mr. Bates was fortunate enough to be able to travel to Cambridge to see Rodgers play an outstanding game for the University against the Fiji XV, and to see him bringing honour to the School as a member of the England Under 25 XV against the Fijians. Rodgers gained further distinction in being chosen for the first England trial in Cheshire and in being named as non-travelling reserve for the first international match, England v. Wales at Cardiff Arms Park. By a happy re-arrangement of fixtures the School 1st XV and Under 15 XV were allowed to play Bournemouth School in the morning, were given an excellent lunch by Bournemouth School and were then taken to see the Southern Counties XV play the Fijian XV at King's Park, Bournemouth.

In conclusion the thanks of the School are due to all staff who so willingly give their services to School Rugby Football and a special welcome is given to Mr. Smith, who has so happily settled in to help younger boys on their way.

#### Under 15 XV

The two games lost by this XV were the result of team indiscipline and lack of purpose. The victories were obtained by much energy and drive and to a considerable extent by the place kicking of C. Edgley, who scored 96 points in the season.

#### RESULTS

v. Clayesmore	Away	Won	11-3
v. Bishop Wordsworth's	Home	Lost	8-15
v. Portchester	Away	Won	14-5
v. Yeovil	Away	Won	21-13
v. Wimborne	Away	Won	26-13
v. Milton Abbey	Home	Won	53-0
v. Crewkerne	Away	Lost	6-10
v. Bournemouth	Away	Won	18-16
v. Bournemouth	Home	Won	14-3
v. Poole	Home	Won	16-0
v. Portchester	Home	Won	36-0

Total: For 223; Against 84.

The following played for the team during the season: N. Pike (Captain), M. Armitage (Vice-captain), P. J. Sanger, T. H. Burgess, A. Gatehouse, J. H. Alford, T. Finding, S. Cullingford, C. Goodchild, P. Russell, R. Gray, T. Toogood, M. Johnstone, J. Obermaier, G. Jarvis, R. Edgley.

### Under 13 XV

The quality of the opposition this year came nowhere near that of past seasons, and the Under 13 team was tested more by internal practice against the 3rd Form. Our XV this year was very lightweight, but aggressive enthusiasm and all-round games skill were there in abundance and several worthy players could not gain a place in the team. Poole G.S. were defeated 74-0 and Portchester School by 27-0.

The team: M. Craig-McFeely, L. Escott (Vice-captain), M. Spencer, I. Clapham, S. Palmer (Captain), P. Craig-McFeely, F. McGrail, N. Wilkinson, P. Hewison, D. B. Field, S. Trevis, J. Hatcher, P. Wallom, J. James, C. Schulze, M. Pike.

## SOCIETIES . . .

### DEBATING SOCIETY

The officers elected for the school year 1970-71 were as follows:-

*Chairman:* J. W. Waddell.

*Hon. Secretary:* G. Apps.

*Committee Member:* Katherine Carter.

Only one formal debate was held in the Autumn Term, when the motion, "that Science and Technology represent a threat to the best interests of mankind", was defeated by 33 votes to 8, with 6 abstentions. The speakers for this motion were A. Whitley, and Julia Berry, the speakers against were M. Pepper and Heather Midgeley.

There was held, however, a more informal discussion on the subject of women's emancipation. Many more people were prepared to make contributions in this kind of discussion and it is hoped to have more of these informal meetings.

F.C.H.

### THE FRIDAY CLUB

Because of fine weather and light evenings the Club did not commence its activities until late October but from the first meeting in Mr. Bates's study there was genuine enthusiasm and interest. Bungay, helped by a small committee of Heckford, Hewison and Ridgers, did his work admirably and surpassed all previous secretaries by his writing and reading of the "minutes of the previous meeting".

Debates, readings, charades and party games have filled many happy hours in warm and comfortable surroundings. It is most encouraging to see young boarders and day-boys alike occupied, while the T.V. set stands in a corner unhappy and neglected unless it has something really worthwhile to offer.

B.S.B.

### THE CAMERA CLUB

The Camera Club, although lacking the usual verve and enthusiasm from many of its members, has continued to provide good opportunities for those interested enough to utilise them to the full.

Several of our members now live overseas, and foreign culture and scenery have been popular subjects in the darkroom.

In conclusion, the continued rise in the cost of materials has deterred many people in the club.

M. PEPPER (*Chairman*).

M. BOYDON (*Secretary*).

### THE BRIDGE CLUB

Although our numbers have not grown greatly, it is pleasing to note that the enthusiasm of the players has increased, and this year we are sending a team of four to compete in the Schools' Bridge Championship organised by the English Bridge Union. In connection with the Duke of Edinburgh's Award Scheme, five members who had named Bridge as their pursuit for the Silver Award were tested by an expert, and each attained a satisfactory standard.

D. CUSTARD.

### FILM CLUB

The film club continues to enjoy 100% support, but unfortunately the cost of hiring films prevents us from obtaining the more recent releases we would like.

Nevertheless what we can afford is appreciated by all. Films shown during the year were:-

"The Private War of Harry Frigg;"

"The Intelligence Men;"

"Hill in Korea;"

"Mystery Submarine;"

"Billy Liar;"

"The Magnificent Two;"

"Shenandoah;"

"The Ghost Train;"

"Man in the Moon."

M. V. SUMMERS:

## THE GARDENING CLUB

The 1970 season was undoubtedly the best that the Club has known - certainly since the halcyon days of David Stephenson, the School's own Percy Thrower. This success has been due largely to the quiet and efficient leadership of Murray, who drew up a map of plots and published it in March. Thus there was enthusiasm early and boys clamoured for plots and tended them with care. Matron with her zest for sweet peas and celery and Mr. Webber, the gladioli expert, encouraged work in the new plots, while the old plots in the shadows of the old range seemed to look after themselves, producing sunflowers and marrows which delighted the eye of the beholder. Such was the demand for space that Howlett and Bungay cultivated even the land that had been previously considered as suitable only for dumping rubbish.

The Club provided a large quantity of various seeds and we are particularly grateful to Mr. Burton, a local farmer who by chance visited the horticultural scene and was so impressed that he sent along a large parcel of Onward Peas surplus to his needs. A large amount of lettuce was sold for use in the school kitchen and we hope to extend these commercial activities. Many plants were given to be sold at the School Jumble Sale and boys have on occasions helped in the gardens of the elderly, cutting lawns and trimming hedges.

Mr. and Mrs. Burt of Tollard Royal were clearly most happy to judge the annual competition for the best plot. They awarded gardening book prizes to the following: 1st Thurlow, 2nd Armitage and S. Burd, 3rd Judd.

We are pleased to see an ever-increasing number of good gardening books in the library and we look forward to an even happier season in 1971.

## THE MODELLING CLUB

The school gave a small subsidy to the modelling club, which was used to purchase materials. There is a small membership fee payable during the Autumn and Winter Terms; the club does not meet formally during the summer. The club owns a useful modelling kit with knives, plasticine, and paints, etc. Members make their own models from plastic aircraft kits; balsa wood and plaster of paris are also used.

J. HOPKINS.

## ANGLING CLUB

This has been a most active and successful year. Meetings have been regular and well attended, and we have tried to carry out in practice on the Stour what we have learned and discussed on Monday afternoons at school. Quite good chub, pike, roach and dace have been caught.

We were invited to fish a match against Gillingham School's angling club in the summer term. This took place at "Turner's Paddock", a lake on the Stourhead estate, and the catches consisted mainly of small perch. Thanks largely to the efforts of David Sandall, our Christy's School guest, we managed to win by the stupendous margin of 5 lbs. 6½ ozs. to 4 lbs. 2½ ozs.

C. D. Williams has compiled a list of specimen fish caught by members of the club and the bream and rudd sections of that list are quite impressive, thanks to the Irish fishing holiday in May, which is reported on elsewhere in this magazine.

N. KERLEY.

## BADGER-WATCHING

Although only two groups of boys went watching last summer, badgers were seen on both occasions. The more successful and exciting evening was spent in the Forestry Commission plantation beyond "Caterpillar", and we are grateful to Mr. Cox for giving us permission to watch there. Several sixth formers have been fortunate enough to see deer, both roe and fallow, in the same area.

P.J.R.

## THE SNOOKER CLUB

A rather disappointing 1970 season finished with a final in which I. Johnstone, beat P. Russell by 74 pts. to 21 pts. Both boys were awarded prizes. The new season has not had a very happy start, for the smaller table stands neglected and worn. The first form and some senior boys have spent many happy hours on the full-size table but the range, which looks more like a cycle shop than a snooker hall, is far from suitable and the cost of renewing cloth and cushions is prohibitive. Boys who play must realize that even a new tip costs 10d. and that cues which are dropped or used carelessly become twisted and useless for good snooker. Until our new dayrooms are provided we must 'make do' with what we have, for with common sense and care even a 'twisted cue and an elliptical billiard ball' can give a lot of pleasure.

B.S.B.

### THE DUKE OF EDINBURGH'S AWARD

Thirteen boys and one Old Boy gained awards during the year:-

*Gold Award:* M. K. Drayton (O.S.).

*Silver Award:* G. Foot, M. R. Searle, R. D. Sanger, G. C. Apps, J. W. Waddell.

*Bronze Award:* R. J. Hopkins, P. M. Stainer, G. Upham, R. J. Young, J. Fawcner-Corbett, A. G. Heaton, M. E. Glaze, N. J. Hopton.

The general pattern of activities has continued much as in past years. Swimming has again proved popular in the Physical Activity section, several boys qualifying through the A.S.A. Personal Survival Awards. Care of Animals is now the most popular form of service at the Bronze Stage but it is difficult for our local veterinary surgeons to cope with the number of would-be candidates in their very limited spare time and several boys have had to choose other forms of service. Fire Training and Advanced First Aid are occupying the Silver and Gold candidates.

Expeditions at various levels have been carried out in the Mendips and along the coast from Axminster to Weymouth and in the Purbecks. Some boys have gone to the New Forest. Many of the Bronze candidates took as the purpose of their treks the survey of footpaths for the Countryside Commission, part of Britain's contribution to European Conservation Year. We tried to break new ground this year by mounting an expedition by canoe. Five Silver candidates took part in training up to British Canoe Union Proficiency standard on the Stour at Sturminster Newton, and then a practice expedition along 30 miles of the Kennet & Avon Canal. For the expedition "test", the boys, accompanied by Mr. Webber, journeyed to Calstock on the River Tamar. The intention was to explore the tidal reaches of the Tamar, Lynher and the Tavy, but in fact the expedition was abandoned after less than an hour owing to the leaky state of the canoe we had borrowed. It was a great disappointment after so much trouble in preparation.

At the end of the Summer Term, Dalzell and Howson, accompanied by Apps doing a training expedition, carried out their Gold Expedition test in the Brecon Beacons. The expedition was a great success and earned high praise from the Welsh Guards assessment team.

Many of our activities can only be carried out with the willing assistance of a number of outside organisations and it is right that we should record our appreciation in particular to Stn. Officer E. Burton and the Dorset Fire Brigade, the Shaftesbury Division of the St. John Ambulance Brigade, Mr. J. A. Cripps, M.R.C.V.S., Mrs. J. Williams (A.S.A. Examiner) and Mr. R. Barnes (O.S.), who has assessed numerous groups for Physical Efficiency.

## OLD SHASTONIANS.

We regret to report the passing of some of our colleagues, within the past year:-

T. G. Hart (1926-32)	E. P. Hindley (1919-23)
C. Milverton (1921-25)	H. G. Pratt (1909-14)
J. N. Wescott (1911-18)	W. F. Willis (1912-16)
R. F. Meaden (1925-31)	
D. T. Sutton (1913-15)	
M. G. Jones (1920-24)	

To their families and relatives we express our deepest sympathy.

It is with deep regret we heard of the passing of Donald Sutton on July 20th, last. He was a great supporter of the Club and served as President in 1929-30. We were fortunate to have him with us at the last Shaftesbury and London Dinners. The Club were represented at the funeral by W. K. Sankey, who had been Donald's 'best man'. Like many others, before the mid-thirties, they had both moved to the School after service in the Choir of Salisbury Cathedral.

During a periodical check on members who are on the records, but without addresses, we heard from G. J. Young (1908), who, regrettably tells us of the death of E. W. Bennett (1904-07). This occurred some two or three years ago.

All members, especially those who were boarders, will hear with regret of the death of Arthur Moors on 11th December last, at the early age of 67 - so soon after his retirement. Arthur was Chef at the School for many years, starting in the late 1920's during Dr. Tovey's term of Headship. To Mrs. Moors and her family we express our deepest sympathy.

On a happier note, we extend congratulations to the Old Boys who were married during the year:-

- C. Annetts (1956-62) to Mlle. Helene Julan.
- J. P. Aviss (1961-66) to Miss Eileen Hutton.
- Flt/Lt. P. M. Boreham, R.A.F. (1957-60) to Miss Jenny Peyton.
- P. N. Cannell (1953-58) to Miss Ineke Latour.
- R. St. J. Hardyman Jones (1959-65) to Miss Linda Dyson.
- R. C. Hughes (1961-66) to Miss Janet Jolliffe.
- D. J. Jackson (1959-64) (regret no details).
- R. H. Kelley (1957-64) to Miss Denise Dart.
- J. M. Middlemas (1952-59) to Miss Anne Rowan.
- T. B. Noyes (1953-60) to Miss Christine Bolton.
- A. K. Rodgers (1957-65) to Miss Jacqueline Marriot.
- E. Spalek (1958-63) to Miss Brit Tjessem.
- J. W. G. Young (1955-61) to Miss Eleanor Sparks.

Congratulations, on their engagements, to:-

- D. Parsons (1953-60) to Miss Vera Norman.  
F. W. G. Wood (1961-67) to Miss Celia Burton.

Congratulations to those Old Boys and their wives who have added to the family strength:-

- S. G. Chapman (1966) and Mrs. Chapman, a son.  
T. B. Hudson (1965) and Mrs. Hudson, a daughter.  
N. M. Humphries (1954) and Mrs. Humphries, a daughter.  
B. D. Long (1954) and Mrs. Long, a son.  
R. J. Sturgess (1964) and Mrs. Sturgess, a son.  
D. J. Wareham (1954) and Mrs. Wareham, a son.  
R. K. Young (1961) and Mrs. Young, a daughter.

Special congratulations, also, to the following, on attaining their Golden Wedding Anniversary:-

- F. E. Pickford (1911) and Mrs. Pickford; J. W. W. K. Miles (1909) and Mrs. Miles.

Our condolences to R. A. C. Farris (1933) on the loss of his wife.

### MR. GEOFFREY SCALBERT

Geoffrey Scalbert first came to Shaftesbury Grammar School in September 1929 and retired at Easter 1970 after forty-one years' service to the School. Many generations of Old Shastonians have their memories of him, as French master, as a cricketer and fives player, as a motoring enthusiast, as a conjuror, as a producer of the School Play, as make-up artist, as stage electrician and resident master for sixteen years.

Four Headmasters appreciated his ability, his industry, his loyalty. His colleagues found him fair minded and equable, just and efficient in all his work as second master; moreover he was good company in the staff room, at the bridge table and elsewhere.

Every group connected with the School expressed appreciation and gratitude for all Mr. Scalbert had done in the past: the Headmaster, Mr. W. Farley Rutter on behalf of the Governors, Mr. T. Cordery on behalf of the Old Boys, Timothy Howson on behalf of the present boys, Mr. F. C. Hopton for the Staff and Mrs. Savage for the Parents' Association, all presented gifts or cheques and offered both Mr. and Mrs. Scalbert their best wishes for the future.

F.C.H.

A presentation was made by the President of the Club to Geoffrey Scalbert in March, and the following letter has been received:-

15th March, 1970.

*"It is impossible for me to thank personally all the Old Boys who subscribed so generously to a leaving present for me on my retirement, so I am trying in this letter to express my pride at all the good wishes I have received and my gratitude for the truly magnificent present, subscribed to by so many Old Boys.*

*Part of the money I intend to spend on a picture to hang in my lounge as a constant reminder of the happy years I spent at Shaftesbury Grammar School.*

*My wife and I have no intention of leaving Shaftesbury and we hope that we shall still have many opportunities in the future of meeting as many Old Boys as possible.*

Thank you all,

Yours sincerely,

Geoffrey Scalbert "

## THE YEAR'S PROGRAMME

*Soccer. Saturday, 7th February, 1970.*

After no games last season, we watched the weather prior to the 7th with more than usual interest, and were rewarded with a blustery day, with some rain, and rather heavy pitches.

In the 1st XI's match we held to our custom and contrived an early goal, despite very even play, with little to choose between the two sides. The muddy state of the pitch made control difficult and also provided some near misses by both sides. The School equalised, only for us to draw ahead and at the end the score of 2-1 in our favour gave us a long awaited win in this fixture. The Club's goals were scored by R. H. Clements and M. H. Wolsey.

Team: E. J. Mackenzie (1966); J. A. Harris (1955); D. S. Harris (1955); B. D. J. Hansford (1969); M. R. Barnett (1968); N. R. Heasman (1967); W. R. Moody (1958); R. J. Head (1966); R. H. Clements (1968); M. H. Wolsey (1969); Captain, R. T. Welsford (1968).

On the Coppice Street ground the 2nd XI's did battle on a pitch which was much heavier going than the School ground. A very dour struggle developed and as at School the game was very even. During the second half we brought on R. W. Gwilt (1966) in place of C. S. H. Byford (1966) and the final result was a 3-3 draw, our scorers being R. Weldon, P. G. Fry and R. W. Gwilt.

Team: C. Coats (1969); J. E. Shove (1969); J. Mumford (1968); J. Letts (1968); T. B. Hudson (1968); S. T. Dobbs (1969); R. Weldon (1969); Captain, T. C. Nuttall (1969); C. H.

S. Byford (1966); I. W. Fenton (1969); P. G. Fry (1967); Sub. R. W. Gwilt (1966).

We are indebted to Mr. M. J. Webber and M. K. Drayton (1968) for so ably carrying out the referee duties. Despite the wintry conditions we had moral support from W. J. Parsons (1928), J. W. W. K. Miles (1909), M. Burge (1938), P. C. Woodley (1960), J. M. Taylor (1968) and B. W. A. James (1967) amongst others.

Both teams, spectators and some Committee members took tea with Mr. and Mrs. Crowther after the game.

**FIRST COMMITTEE MEETING, 1970:** The first meeting of the Committee of the year was held in the Headmaster's study, with the President, W. Farley Rutter, in the Chair. Attending were F. G. B. Young, Vice-President, H. E. Hallett, D. R. Perry, M. C. W. Johnson, A. J. Sharman, L. J. Wyatt, C. H. S. Byford, M. E. Johnson, M. J. Stead, R. Hall Smith, M. J. Drewitt, P. G. Ross, D. I. Ross, J. W. Simpson, D. W. Drew, the Headmaster and the Hon. Secretary. Apologies were received from M. J. Forward.

The Headmaster gave an explanatory talk on the acquisition of St. Rumbold's Church, which would now be known as the School Chapel. D. W. Drew reported on the Travel Scholarship, how it had been recognised as a Charity by the Inland Revenue Department and the Ministry of Education and Science. The Deed of Trust had been drawn up, signed by the three trustees and was now with the solicitors for finalising. He could now go ahead with the scheme in detail, especially the Covenant side of the income. J. W. Simpson (London Hon. Secretary) reported on the arrangements for the London Dinner, to be held on 7th March. It was agreed to present to the School a photo of the President (which had been taken at the Grosvenor Hotel reunion in November), on which would be surmounted a plaque, giving his services to the Club as an Officer and Committee member as well as his services as the Club's representative on the Governing Body. The Summer Weekend was discussed and it was agreed the Archdeacon of Dorset should be approached, to preach at the Service, which would be held in the School Chapel. It was also agreed to play the School at Tennis and Squash, as well as the usual cricket matches. The Headmaster again kindly invited members to an 'At Home' after the service. D. W. Drew was most sincerely thanked by the President for all his efforts and work he had put into the Travel Scholarship and a recording to this effect would be inserted in the minutes. It was unanimously agreed to elect G. Scalbert, who is retiring at the end of the term, to be an Honorary Life Member of the Club, in recognition of his services to the School over 42 years, and to the part he had played in the life of many members. M. J. Stead, reported B. G. L. Hebden (1944), would be prepared to bring a coaching

team to help the School, now they had transferred from Fives to Squash. This member was the Squash Professional at Bournemouth. The offer was accepted by the Headmaster.

W. Farley Rutter and D. A. Parham were nominated to act as the Club's representatives on the School Governing Body for the period 1970-73.

*Friday, 29th May, 1970*

The Annual Tournament for the Thomas Trophy was again held on the course of the Basingstoke Golf Club at the end of May. This year it was made an all-day affair, and was patronised by the usual modest numbers. It is difficult to 'borrow' a course on a Saturday or a Sunday, and the Friday is the next best the Committee can do. This is, of course, not satisfactory for all members, but the circular letter of mid-September brought forth another dozen names who wish to be circulated about this year's contest, again on a Friday, and on the Basingstoke course.

1970 saw the cup again won by R. K. Young (1961) and it is perhaps a fitting reward for all the effort he puts in as the Hon. Secretary of the Society.

If any member is interested, please, write to him and he will see you receive a circular letter notifying the Tournament.

*Captain of the Society:* H. L. Bathurst Brown (1922) - 22, Beresford Avenue, East Twickenham, Middlesex.

*Hon. Secretary:* R. K. Young (1961) - 10, Dean Close, Windsor, Berks. Windsor 68627.

THE SUMMER WEEKEND - 10TH, 11TH, AND 12TH JULY.

With the Fives Courts now converted to Squash, we made our first venture against the School on the Friday evening. One has to bear in mind the School had only been playing for a short while, whilst many of the Old Boys had been playing regularly, thus endorsing the opinion of the Headmaster and the Governors, who feel there is more opportunity to continue playing squash after leaving school, than there is to play fives. We were represented by T. C. Imber (1968), D. S. Harris (1955), and P. G. Ross (1949) and some very interesting games were won easily, by a better knowledge of the game. A. C. Middlemas (1967) also played some games on the Saturday.

In the tennis we fielded T. W. Squire (1954), T. C. Imber (1968) and S. T. Rutter (1939) - the former two winning two out of three of their games, whilst S. T. Rutter won all three of his games.

We fielded two teams for the cricket, winning the First XI game but losing the 2nd. With S. Hurst (1967) making 42, and supported by

J. I. Goodson (1962) making 28, J. L. N. Corp (1964) 24, J. A. Harris (1955) 13, L. Avis (1963) 12 and A. C. Middlemas (1967) 10 not out, we reached 152 for 9 wickets, when a declaration was made. We then hustled the School out for 57 - J. I. Goodson 2 for 0, J. A. Harris 3 for 34 and A. C. Middlemas 5 for 18.

On the 2nd XI wicket the situation was reversed. C. N. Brickell (1964) with 12, and R. J. R. Taylerson (1957) contributing 11 not out, were the only two batsmen to reach double figures and we were all out for 56. The School found no difficulty in reaching this total, their tally being 58 for 4 wickets, C. N. Brickell taking 3 for 23.

On the Sunday morning the joint service with the School saw us in the School Chapel for the first time. For the sermon we had the Rev. S. W. Lenn, recently retired from the Congregational Ministry in Shaftesbury. He will be well known to Vith Formers of recent years, to whom he has spoken on many occasions. At the last minute we were able to locate the Rev. H. R. Miles (1926) - on leave from New Zealand - and he very kindly came along and provided us with a member to read the 1st Lesson. The 2nd Lesson was read by T. G. Howson, Head of School. The service was arranged by the Headmaster's Lay Chaplain, Mr. Trevor Jones, whilst the organist was the School Music Master, Mr. B. Cooper.

After the service a good representation of members, Staff and Upper Sixth Formers joined the Headmaster and Mrs. Crowther on the lawns of the Headmaster's House, for the 'At Home'.

A Collection taken during the service for the School Chapel, realised £6/1/6.

#### *Saturday, 19th September. Committee Meeting.*

No meeting had been held in June, owing to lack of business, whilst this meeting fell a little earlier than of yore, owing to the A.G.M./Dinner also being a week earlier - dates having been switched with the School Half Term. The meeting must go on record as being the first one the Headmaster has missed and the Deputy Headmaster, F. C. Hopton took his place. Members present wished the Headmaster a speedy recovery to full health, his discharge from hospital only having taken place a couple of weeks before. Plans for the dinner were finalised. M. J. Stead very kindly offered to have the reports from Travel Scholarship recipients typed for the Library, whilst their original copy would be in the Headmaster's hands. We have two excellent reports from G. M. Strawbridge, who visited Turkey, Israel and Italy, and M. K. Drayton, who visited Denmark, Sweden and Norway.

*Saturday, 31st October. Rugby.*

With a very much heavier team we were able to account for the School quite easily, but nevertheless they put up a good fight. L. M. Avis was a tower of strength in a 17 - 8 win. We were also indebted to A. C. Middlemas and J. L. N. Corp for some sterling work.

After the match a large gathering was entertained to tea by Mrs. Crowther.

ANNUAL GENERAL MEETING

The President, W. Farley Rutter, took the Chair for the meeting, with some 40-50 members present. In his opening remarks he mentioned the pride he experienced at being asked to serve as President in the Jubilee Year, and thanked the Vice-President for deputising for him at the two dinners away from Shaftesbury.

The Hon. Secretary outlined the results of the functions and games held during the year, and a slight increase in attendances being noticeable throughout. Thanks were expressed to the Headmaster and Mrs. Crowther for the entertaining they had proffered Old Boys throughout the year.

The Hon. Treasurer's report shewed a slightly improved balance sheet. He was concerned over the possible increase in postal rates. At the moment it cost £12 to circulate all members, and this was done twice a year. An increase of the second class post from 4d. to 6d. (which will come into effect on 15th February, 1971) will increase the £12 to £18 and the annual total from £24 to £36. Communication was the only facet which embraced all members, especially those living overseas, and he would be loathe to see this lapse.

The following Officers and Committee were elected for the year 1970/71:-

*President:* F. G. B. Young (1925-30).

*Vice-President:* D. I. Ross (1939-47).

*Hon. Secretary and Hon. Treasurer:* T. A. Cordery (1927-32), 51, High Street, Shaftesbury, Dorset. Shaftesbury 2070.

*Assistant Hon. Secretaries:* B. Crowther, Headmaster.  
F. C. Hopton, Deputy Headmaster  
(Liaison with the School).

*Hon. Auditors:* J. G. Pearson (1931-40) and F. G. B. Young (1925-30)

*Representatives on the Governing Body* (elected by the Committee in February, to serve from 1970 until 1973):  
W. Farley Rutter and D. A. Parham (1923-29).

*Committee (Group C) - to retire in 1973:*

C. N. Brickell (1957-63), C. S. H. Byford (1959-66), M. C. W. Johnson (1918-25), M. J. Stead (1937-46), R. M. Conibear (1947-54).

H. E. Hallett (1932), retiring Immediate Past President, did not stand for election and was sincerely thanked for his valuable work over recent years. F. L. Bridle (1936), as Hon. Auditor for a number of years, did not put his name forward for election, for reasons of health. A letter was to be sent to him thanking him for his services over the past years, and wishing him a speedy recovery to full health. It was also reported that fruit had been sent into the hospital, to the Headmaster, by the Club.

J. W. Simpson (1939), the Hon. Secretary of the London Committee, gave an early résumé on the London Dinner, which would be held in March, 1971 - Saturday the 20th. The venue would be the same - 'Ye Olde Cock Tavern', Fleet Street. His final arrangements would be made with the Hon. Secretary and at the Committee Meeting, on 6th February, 1971.

D. W. Drew (1950), gave a report on the Jubilee Travel Scholarship - its finances, and the awards made by the Trustees.

A framed photograph of the President, W. Farley Rutter, was presented to the Deputy Headmaster by the President (much surprised). It was made as a token of the esteem in which he was held by the School and Club, at the instigation of the Committee.

The date of next year's Rugby v. the School, the Annual General Meeting and the Shaftesbury Dinner was fixed for Saturday, 30th October, 1971.

The meeting ended with wreaths being placed on the memorials to Old Boys who fell in the two Great Wars. These were laid by J. W. W. K. Miles (1909) and J. G. Pearson (1940), and the British Legion Tribute was spoken.

#### ANNUAL DINNER

The Grosvenor Hotel was once more the setting for the Annual Dinner, with some 85 members sitting down, with the new President, F. G. B. Young (1930) in the Chair. The Headmaster made his first public appearance since his illness. J. M. Day (1934) proposed the Toast to 'the School', making reference, as do so many Old Boys, to the changes which have taken place since he was at school. With a nostalgic round of the early '30's, he felt that the school was going forward, and in very capable hands.

The Headmaster replied, putting all present in the picture regarding academic and sporting events over the past year. We were still

sending a good quota to the universities and colleges of further education, whilst one boy, A. K. Rodgers (1965), was keeping up the rugby prowess by being in the Cambridge side for the second year, with a good chance of making it a third time this term. Comprehensive schooling, mooted in 1961 at County Hall, and thrown into our laps in 1963, still seemed as far away as ever. It may well be 1976 or 1977 at the earliest before we see it happen in Shaftesbury.

Our guest for the evening, Major General G. N. Tuck, C.B.E., O.B.E., a School Governor, proposed the toast to 'the Club'. He spoke with great fervour of his association with the School, attending sporting events, services in the School Chapel and other items appertaining to the School. The assembly present on that evening shewed what effect the School had had on boys who had passed through its doors, and he was glad to see such a thriving Club. He thanked the Committee most sincerely for having invited him to the dinner.

The President, in reply, made a very witty speech, and thanked the General for attending.

The final toast to 'Absent Friends' was made by P. G. Ross (1939).

The following were in attendance: the President, F. G. B. Young (1930), the Headmaster, Major General G. N. Tuck, M. J. N. Day (1934), P. G. Ross (1939), J. W. W. K. Miles (1909), H. C. Stainer (1920), A. T. Doggrell (1919), W. J. N. Bolitho (1922), G. E. G. Norton (1922), M. C. W. Johnson (1925), G. L. Harding (1925), S. H. Harding (1927), W. B. Alner (1928), R. J. Harding (1932), T. A. Cordery (1932), H. E. Hallett (1932), H. G. Friend (1934), A. J. Palmer (1963), J. R. Domoney (1937), F. D. Barrett (1936), K. Milverton (1938), J. W. Simpson (1939), L. O. Barrett (1939), G. W. Glaze (1939), J. G. Pearson (1940), D. W. Tait (1941), A. J. Sharman (1942), P. D. Allum (1942), D. R. Perry (1943), P. C. Tait (1943), M. A. Williams (1945), the Rev. I. H. S. Stratton (1945), M. J. Stead (1946), D. I. Ross (1946), Capt. G. J. Stainer (1946), D. Williams (1948), J. Snell (1949), D. W. Drew (1950), B. A. T. Bleach (1950), D. Williams (1951), M. E. Doggrell (1952), R. M. Connibear (1954), M. B. Sims (1954), L. Williams (1954), A. T. Squire (1954), I. Kirby (1955), D. S. Harris (1955), J. A. Harris (1955), M. A. B. Young (1958), M. E. Johnson (1958), T. B. Noyes (1960), J. E. Strange (1960), A. R. Corbett (1963), L. M. Avis (1963), J. L. N. Corp (1964), S. A. Hickie (1964), C. N. Brickell (1964), A. R. Webster (1964), D. R. Stephenson (1965), C. H. Woods (1965), C. S. H. Byford (1966), J. Long (1966), J. P. Avis (1966), R. J. Head (1966), G. M. Strawbridge (1967), B. W. A. James (1967), W. Walworth (1967), P. R. Strength of the Club in January is as follows: 753 Life Members, 62 Annual Members and 12 Hon. Members, a total of 827.

One member has suggested, to offset the rise in postal rates, when you write to the secretary, and you wish a reply, enclose a stamp (2½p or 3p) with your letter.

### OLD SHASTONIAN NEWS

I. PANTON (1969) is in Warminster with Barclay's Bank Ltd., whilst I. FENTON (1969) is in the same town with Lloyds Bank Ltd. R. FERGUSON (1968) is working for a firm of consulting structural engineers - and has also thrown in his lot as a Soccer referee. C. J. TAYLOR (1922), who for many years was Art Master at St. Michael's College, Hitchin, had retirement forced upon him by arthritis, and has moved to Bournemouth. R. T. WELSFORD (1968), who is with the Customs and Excise Dept., has been 'shunted' around quite a deal - with postings to Southend, Bristol, Trowbridge (Usher's Brewery!), and is now in the City. S. E. P. HAYES (1947) hit the headlines in the national press, when as Headmaster of Queen's Park Junior School, Droop Street, Paddington, he installed a camp bed in his study for a time. This was to enable pupils suffering from lack of sleep, due to late watching of T.V., to get some rest. He wrote to all parents, urging them to send their children to bed earlier. E. R. WALMSLEY (1958) received credit mention for design in the B.B.C. 'Omnibus' programme on R. Vaughan Williams. Incidentally, those of you who watch B.B.C. Southern News, will know of the announcer Sutton, who is a son of the late D. T. SUTTON (1915). C. R. A. ROBINS (1969) climbed a drainpipe on a house at Cambridge to rescue an elderly woman from a bedroom fire. Later he received a letter of commendation from the City's Fire Officer. ROBINS, who is a trainee with the civil engineering contractors, Reed and Malik of Salisbury, was working on a contract at Cambridge. After a spell of thirteen years, W. FARLEY RUTTER (1900) has retired from the Dorset County Council. Polling took place on 9th April last, when two of the candidates were the Mayor of Shaftesbury, Councillor G. E. HINE (1938), a School Governor, and M. A. WILLIAMS (1945). The latter, with 626 votes, defeated G. E.

HINE, 425 votes, into second place. Congratulations to G. E. HINE on his elevation to Aldermanic rank, which took place later in the year. D. T. E. YOUNGMAN (1948) writes from Jellah in Saudi Arabia, where he has been since leaving Aden in 1967; he is still in accountancy. We extend our sympathy, at his news of his wife's serious car accident in the Lebanon. She has been convalescing in the U.K.

Congratulations to C. P. LAWTON (1966), a Belgrave Harrier, on winning the Surrey County 20 mile race walking championship at Carshalton. He was also 11th (out of 200) in the British 10 mile championship at Liverpool. Surprise from J. A. HARRIS (1955), who, judging from advertisements in the Press, has taken up modelling for the National Westminster Bank Ltd., as opposed to conventional banking. L. C. ROGERS (1931) is in Cardiff, engaged in the wholesale greengrocery and florist business. R. E. JACKSON (1967) has been moved to Ayr, too far, he says, to take part in O.S. activities for the moment. N. M. HUMPHRIES (1953) is now teaching at Wantage, Berks. After running away to sea, serving both with the R.N. and Merchant Navy, he married and settled down, and qualified at Culham College, near Oxford. He has three children. His brother, R. M. HUMPHRIES (1953), also married with two children, is now tea planting in Tanzania, after a spell in Assam. He is, however, returning to the U.K. in early 1971. Flt/Lt. P. M. BOREHAM, R.A.F., (1960) has relinquished his A.D.C. Post to the R.A.F. Deputy Commander in Germany and started a refresher course at Manby, Lincs. Thence to Coningsby in November on the Phantom Recce Course. He found time to be married on 11th July. T. B. NOYES (1960) is another who has launched into matrimony. He has been moved by the Eastern Electricity to the Peterborough district, where he has purchased a house in Glinton. At his wedding he had B. J. HUMPHREYS (1960) as an usher. The Rev. H. R. MILES (1926) flew in from New Zealand via the Pacific and the U.S.A., in May and we immediately booked him for the church service in July, when he read the lesson.

K. MILVERTON (1938), H. T. IMBER (1936) and J. R. DOMONEY (1937), had their customary reunion, with wives, at Whitsun. This year they met at Reading. Our sympathies to W. G. WELCH (1927), M. C. HOLMES (1931) and F. L. BRIDLE (1926), who suffered health setbacks during last year. We trust they are now returned to full health. The long arm of coincidence: S. V. BRICKELL (1932) entered hospital in November, and was in the same unit, ward and bed as F. L. BRIDLE, and was also visited by the same hospital padre, the Rev. W. H. J. BURT (1932). J. E. STRANGE (1960) has been moved to the HQ of Trust Houses Ltd., where he is in the planning and development department. He will be travelling

around Europe looking for potential sites for new hotels. Lt. G. L. KERR (1966) has joined 29 Light Commando Regt., R.A., at the Royal Citadel, Plymouth. M. K. DRAYTON (1968) spent a month in Norway and Sweden during the vacation. He was the recipient of the Jubilee Travel Scholarship award in 1970. D. J. MULLINS (1959) also missed the Summer Weekend, as he was in Amsterdam. J. B. M. EVANS (1957) has returned to Switzerland, this time to Geneva, where he is working in textiles for the special projects division of GATT (an offshoot of the United Nations). He plays soccer for the U.N. team, and rugby for a French side. D. J. JACKSON (1964) has written to inform us of his recent marriage. B. A. T. BLEACH (1950) is now the permanent secretary of the University of Bristol Union. P. HURST (1968) spent his long vacation in Cleveland, Ohio, where he took a position as a salesman. Capt. R. G. MIDDLEMAS (1961) has returned to the U.K. from Singapore, with his regiment, a Commando unit of the R.A., whilst A. C. MIDDLEMAS (1967), we understand, made the Loughborough College Athletics team. Capt. R. J. R. TAYLERSON (1957), who is with the Light Infantry, renewed contact with us at the Summer Weekend.

P. S. LILLIE (1966) has obtained his B.Sc. in Economics and Accounting at Bristol University. He will be going into the City. S. J. HURST (1967) - finished with university - has taken a position in satellite communications at Stevenage. F. D. WRIGHT (1966) and I. H. WRIGHT (1969) were both present at the Summer Weekend, the former on leave from the West Indies. E. KITE (1967) is yet another who has obtained his Economics Degree from Bristol University. Congratulations to E. H. MACEY (1953) on his promotion to be the youngest Wing Commander in the R.A.F. We also learn from him of E. R. COX (1957) being promoted to Sqn/Leader. We have since heard from E. R. COX, who informs us of a five month spell at the end of the year, when he visited Sweden, Denmark, Germany - had a month in Cyprus, and a short visit to Malta. Brother Geoffrey, S.S.F., (the Rev. H. G. PEARSON (1940) was elected Minister-General of the Society of St. Francis in early July. He took over office from 1st September. Prior to his election he was Minister-Provincial of the Pacific Province. E. W. TUFFIN (1919) was in the U.K. for holiday, with his wife, in the summer. He is still in Toronto. M. J. BRADSHAW (1951), visited Shaftesbury at the same time, calling on Mr. L. J. COLE. He is also in Toronto.

In September we had a welcome visit from D. J. LONGMORE (1926), who has been in Canada for some twenty-odd years. He was last in town just before the war - and lost touch with the Club soon after. He has a hardware business in Sudbury, Ontario. Glen BUTLER (1966) - now at school in Vancouver - is enjoying success

in Gymnastics (Compulsory and Optional), having won five gold medals in the 1969 British Columbia Festival of Sport. He has an eye on the Canadian Winter Games and long term, on the 1976 Olympic Games. His father, who was on the Committee of the Parents' Association, tells us he has met R. DREW (1918) in West Vancouver. R. DREW has been out of touch with the Club for many years. W. J. O. JORDAN (1959) has been playing for Devon in the Minor Counties Championship and turned in a useful 9 for 21 against Cornwall. He played against M. E. DOGGRELL (1952), who has been turning out for Dorset. We hear he bowled well against Berkshire. J. S. WEBSTER, who was Art Master at the School from 1943-44, visited Shaftesbury in August. He is still with Gresham's School, Holt. N. AUSTIN (1964) has obtained his degree - B.Tech. - in Mechanical Engineering at Brunel University. R. N. THRESHER (1936), representing Architects, is on the Crime Prevention Panel formed by the Chief Constable of Dorset and Bournemouth, for the Bournemouth-Poole conurbation.

J. LONG (1966) has obtained an Upper Second Degree at Cambridge and is now going up to Oxford for his teaching diploma. P. A. R. WELFORD (1967) has left Aberdeen University with a B.Sc. Degree, and is now at Moray House College, Edinburgh, to prepare for teaching. During the vacation he has been driving Edinburgh buses. Part of the Edinburgh Festival? After many years we have had a letter from Dr. W. H. GREEN (1919), resident in South Africa for twenty-three years and now retired. A Christmas card from E. C. MOZLEY (1910) tells us he has made contact with D. Green and supplied him with magazines which he has not been receiving for twenty-odd years. The Dorset Year Book for 1970 contains articles by E. C. MOZLEY and Father C. JESSE, F.M.I., M.B.E., (1915). G. E. FREEMAN (1954) has been appointed Head of the English Dept., at Cowes High School. How closely do you watch your television screen? On Sunday, 20th December, whilst viewing 'University Challenge', Trinity College, Oxford, v. Edinburgh University, one could clearly see G. M. STRAWBRIDGE (1967), when the cameras scanned the audience at the end of the programme. R. C. DAY (1926) has retired from his Headmaster's post in North West London and been ordained - last October. We regret he has not enjoyed the best of health of late.

D. I. HAYTER (1970) has joined Pirellis Ltd. of Southampton and is being sent on a 'sandwich' course to Bradford University. He has received a bursary of £100, plus a prize of £50. T. A. CORDERY (1970) is taking a two year course on Business Studies at the South Wilts College of Further Education, Salisbury. B. M. SMITH (1970) has joined the National Westminster Bank Ltd. at Yate.

J. C. GREENWOOD (1970) will be attending Lanchester Polytechnic, Coventry, where he is taking a five year course on Urban and Regional Planning. D. TRIM (1970) is with W. H. Smith and Son Ltd., the stationers, whilst S. DAVIES (1970) is at Rolls Royce Ltd., Bristol. I. A. W. SAVAGE (1970) has gone to the City of London Polytechnic, Moorgate, E.C., and Ronald J. HALL (1970) is at McNair Hall, Liverpool. W. JAMES (1970) is with the Inland Revenue Department at Yeovil and P. A. NATION (1970) has entered St. Luke's College, Exeter. M. J. THORNE (1970) has gone up to St. Edmund Hall, Oxford, and N. R. C. BLADES (1970) is with the Greater London Council.

J. C. DAY (1930) was quick off the mark, in response to the request for missing magazines. By return of post came 19 issues covering 1924-1965. J. J. COLE handed in the missing 1958 copy, whilst W. J. N. BOLITHO (1922) sent the three missing numbers from 1918, 1919, 1921. Not to be outdone, S. BURROW (1910) sent bound copies covering 1907-1910. So now we are complete from 1907 unto the present day. Thank you. We only want a volunteer now to donate some £40 - £50 to have them bound !!! R. GATEHOUSE (1898) has sent three magazines from the 1894-1898 period. After thirty-one years we renewed contact with B. B. MOORE (1934). He visited Shaftesbury in September. He still suffers from the effects of polio contracted during war service in India with the R.A.F. J. A. BRETT (Headmaster 1953-58) is leaving London for Yorkshire, on medical advice. It is considered Mrs. Brett will benefit from the change. Another member who has been out in the cold for a number of years is B. J. MOGER (1940), who has been cut off from the Club for many years. He is now an Inspector of Taxes with the Inland Revenue Dept., at Plymouth. J. P. AVISS (1966) is at the University of Kent, reading English and Philosophy, whilst J. MUMFORD (1968) is at St. Luke's College, Exeter. Major B. G. JOHNSON (1954) is now attending the R.A.F. Staff College, Bracknell. D. M. GODFREY (1941) is now manager of a branch of the Bank of Montreal - in Montreal. T. C. NUTTALL (1969) after a year at South Wilts College of Further Education, is now a trainee manager. We were well represented at a recent ceremony marking the award of the Freedom of the Borough of Gosport to the Medical Branch of the Royal Navy. Both B. J. W. PINGREE (1956) and N. B. HITCHINGS (1958) were members of the platoon of Medical Officers required for the occasion. R. St. J. HARDYMAN JONES (1965) has been posted to the R.A.F. Station at Gan in the Maldiv Islands. [J. G. CLAPHAM] (1964) is one of the many Old Boys in the Metropolitan Police. The most popular of his duties is the visit to Highbury, for crowd control when the Arsenal F.C. are

playing. Across London, we find N. D. BAILEY (1965) also in the 'Met', but at Chelsea and he also has his spells of crowd control at Stamford Bridge, when Chelsea F.C. are playing. We have discovered the whereabouts of S. G. Le COULIARD (1907), now living in retirement in the Channel Islands. Our thanks are due to S. BURROW (1910) for the information. S. A. HICKIE (1964) is a surveyor in Taunton, and P. N. CANNELL (1958) is in Amsterdam, as an aircraft engineer. Captain S. R. GIBB (1952) has just been promoted by Qantas, piloting Boeing 707s from Sydney to Heathrow, with a passenger load of 150.

F. G. MINCHIN (1912) writes to tell of a family reunion in late January 1970, to celebrate Mrs. Tovey's 90th birthday. A card was sent from the Club, expressing our good wishes. A. K. RODGERS (1965) was in the Cambridge XV for the third successive year, but also on the losing side. He has had quite a season, as he was selected to play for the England Under 25 XV against the Fijian Touring Side and was also selected for the first International trial in Cheshire. N. P. LANGLEY (1961) on leave from the Bahamas, visited the School in early January. He returned at the end of the month. Visiting the School or the town during the year were, W. J. COMBES (1921), J. G. BUCKLAND (1903), the Rev. H. R. MILES (1926), J. S. WINDEBANK (1925), the Rev. J. H. WESCOTT (1916), C. F. J. PHILLIPS (1921), A. J. BAXTER (1921), H. J. EDWARDS (1935), G. J. YOUNG (1908), B. B. MOORE (1934), W. M. WALWORTH (1967), D. J. LONGMORE (1926), V. G. HUMPHRIES (1958), and B. D. LONG (1954). G. P. WENHAM (1970) is yet another who has moved to London for his further studies.
